# QUALITY BINOCULARS — PRICED LOW — THE KLEIN'S WAY!

## BINOLUX AMERICAN STYLE BINOCULARS

One-piece seamless mono-bloc design prevents moisture penetration, holds prisms and lens in accurate alignment. Modern design is compact — most convenient for carrying . . . gives surer grip, easier handling. Lenses and prisms hard coated with magnesium fluoride to reduce glare and increase light transmission. Lenses achromatic and color corrected. Fast, smooth center focus permits sharp sighting with touch of finger. Adjustable right eyepiece permits correction for difference between right and left eyes. Large eyepieces for fast sighting. Genuine leather pigskin cases and straps furnished with all Binolux binoculars. Written Guarantee with all Binolux Binoculars. Quality made in Japan.

### 7X50 BINOLUX BINOCULARS

7X 50mm WIDE ANGLE. Has nearly twice the field of view as standard binocular . . . 578 feet at 1000 yards. Maximum light transmitting power assures sharply defined images, very strong magnification, sharpest details.
