MIKRON 6x15 Prism Binoculars

as a gift

... the smart-looking Mikron miniature binocular will satisfy either the woman-of-fashion's taste for sparkling design and finish, or the active sportsman's demands for versatile performance. You will be proud to present a gift of such quality and long life.

In beautiful chromium finish, the pocket-size Mikron magnifies six times, weighs six ounces, fits even a tiny formal bag.

The image is sharp and bright, the field of view is 146 feet at a distance of 1000 feet. The lenses and prismatic systems are optically perfect. The Mikron is guaranteed against defective material or workmanship.

Amazingly, the price is only

MIKRON

\$39⁵⁰
