Prism Binoculars

\$24.00

8 x 24 m.m.

Field of view 110 yds. at 1000 yds.

THE Prism Binocular is a highly scientific instrument and should be chosen with great care.

By the adoption and application of Prisms in a binocular the field of view is materially increased and the size and bulk of the glass greatly reduced. We carry many lines of both German and French makes of highest quality. **Other models, Three to Eighteen Power.**

Complete with solid leather case and straps.
